Uw inspiratie in buffetware

Your inspiration in buffetware

Bij Tovari weten we dat presentatie net zo belangrijk is als het eten zelf. Daarom leveren we een selectie van hoogwaardig buffetmateriaal van gerenommeerde merken zoals Cra'ster, Select Concept, Steelwood, Broggi, APS en meer.

Onze collectie voldoet aan de diverse behoeften van hotels, conferentiecentra en evenementlocaties, zodat elk buffet uitzonderlijk is. Of het nu een kleine bijeenkomst of een groot banket is, onze buffetartikelen zorgen voor een visueel verbluffende en functionele presentatie.

Kies voor Tovari en maak van elk evenement een meesterwerk van culinaire presentatie.

Team Tovari BV

At Tovari, we know that presentation is as crucial as the cuisine itself. That's why we supply a selection of top-quality buffetware from renowned brands like Cra'ster, Select Concept, Steelwood, Broggi, APS, and more.

Our collection meets the diverse needs of hotels, conference centers, and event venues, ensuring every buffet is exceptional. Whether it's a small gathering or a large banquet, our buffet items will create a visually stunning and functional display.

Choose Tovari and make every event a masterpiece of culinary presentation.

Team Tovari BV

'Duurzaam? Ja natuurlijk!'

We leven in een wereld met beperkte middelen. Door leveranciers te selecteren die zorg dragen voor het milieu, kunnen we onze ecologische voetafdruk verkleinen. Op deze manier kunnen we onze impact verminderen door producten te leveren die functioneel, tijdloos en vooral duurzaam zijn. De circulaire economie is gebaseerd op de principes van het verminderen van afval en vervuiling, het in gebruik houden van producten en materialen en het regenereren van natuurlijke systemen. Het idee van de circulaire economie creëert geen afval. Er mag niets aan het einde van de levensduur zijn. Uiteraard streven we deze principes na door zorgvuldig na te denken over elke stap van het proces en door end-to-end verantwoordelijkheid te nemen voor onze producten.

Sustainable? Of course!

We live in a world with limited resources. By selecting suppliers who care for the environment, we can reduce our carbon footprint. This way we can reduce our impact by choosing products that are functional, timeless, and, foremost, durable. The circular economy is based on the principles of reducing waste and pollution, keeping products and materials in use, and regenerating natural systems. The idea of the circular economy is to create no waste. There should be no end of life of anything. Naturally, we pursue these principles by carefully considering every step of the process and taking end-to-end responsibility for our products.

Tilt Bowls

A refined fusion of form and function, the Tilt Walnut Bowls and Platters are designed to elevate presentation with quiet ingenuity.

Crafted from richly grained walnut, each bowl and platter offers natural warmth and character. Intelligent engineering allows them to nest seamlessly within Tilt frames, with the ability to tilt at varying angles. This subtle shift enhances the sense of abundance and depth, bringing visual interest and volume to every serving. Ideal for cereals, salads and dry food presentation, the Tilt Walnut collection's sculptural surfaces turn everyday offerings into elevated moments.

Flow Collection

The Flow Range is crafted around a gastronorm footprint, enabling you to create a custom display. To build a display, simply select a gastronorm size, a frame (flat or angled) and a top (deep or shallow trays or flat plinths). Heating and cooling units, label holders, sliding lids and lid liners allow for ambient, hot and cold services. Our Flow Range comes in four different colours including white-washed, black lacquered, natural oak or natural walnut.

Cooling & Heating

The new Flow Cold Cell Cooling Trays allow for elegant display of chilled gastronomy. Offering exceptional cooling performance over previous models, the new cold cell technology enables the food-safe slate presentation area to hold a temperature under 8°C (46°F) for up to four hours.

A modern alternative to traditional chafing dishes. With a solid lacquered oak base, the Flow Heating Unit features a ceramic heating element technology and an easily adjustable, variable temperature control up to 140°C (284°F). Powered by an electric element you have the flexibility to use any pan for display. They can also be daisy chained together into 1 power outlet.

STAK

Deliver agile luncheon buffets, mass catering, moveable grab-and-go displays and back bars within the Stak system. Intelligently designed around the Gastronorm footprint, the Stak System shelves are crafted with discreet raised edges to secure trays from the Craster Flow range. The perimeter of each shelf grips two 1.1 or four 1.2 trays, with excellent locked fit for ease of transportation. Stak is engineered for easy assembly, with locking pins to angle and carry each shelf.

Developed with a rigid steel frame, shelves may be placed and angled at any height within the structure. Robust, discreet wheels enable back of house setup before movement to front of house in a single push. Shelving units can be bridged together at any height to create large, continuous displays across interiors.

Trolley's

The Flow trolley is the signature product of the Flow Range. It has been specifically designed to offer complete display flexibility. With multiple extending shelves that angle slightly forward to enhance the merchandising effect and a folding solid wood flap, each trolley offers an adaptable solution for both single and double-sided buffet serving. As a beautiful display piece, it can be set up in the back of house and then easily rolled out for presentation at just the right time. Also available in walnut, as a single sized unit, and with heating and cooling functionality.

Broggi 1818 Buffet Collection Decò

Products for Restaurants, Hotels & Cafés

Select Concept is a Swedish brand, offering high-quality products with a focus on Swedish design. Our products are made in earthy colors that together create a rustic and warm feeling.

We offer products, that we produce in Estonia, Poland, Portugal, Sweden and Lithuania.

Working closely together with our clients and distributors, we continuously create new products for the HORECA market.

Buffet Collection

Broggi 1818 - *Marmer & staal/ marble and stainless steel*

Deco Buffet by Broggi 1818

A tribute to classicism and characterised by pure lines, the new Decò Buffet line from Broggi embodies refinement and elegance without compromising on functionality. The tops and stands – which are available in different heights – enable architectural creations on the table; the modular system can be adapted to suit every menu, space or location.

Figgjo Norway - *porselein/ porcelain*

Buffet by Figgjo Norway

Figgjo is the sole remaining porcelain manufacturer in the Nordics. We still believe that crafting our porcelain right here, at Figgjo, makes for a better product. The factory buildings have been upgraded, the machinery is state of the art. We have everything in place to make beautiful, functional, durable porcelain.

And yet, what matters most are the Figgjo people. Here, we have generations of expertise to draw from. We can work closely with our craftsmen.

Steel wood concept Buffet concept

It all started under a different name at the beginning of 2019. We had just began designs of the very first frames and some wooden boxes and we were ready to push the products out, just before Covid-19 hit in November. In an instant, everything stopped. In June 2022, we reorganized and changed the name to Steelwood Concept and finally introduced ourselves in Denmark. Within a few months, interest in our quality products was noticed around Europe and now in 2024 we have valued dealers around the world.

Everything is handmade. We have two workshops, one that makes steel products and in the other building you will find wood production. Here is also the Steelwood Concept warehouse, showroom and office. When it comes to sustainability, you'll be happy to know that we buy locally and only use Nordic Oak.
